

Introduction

IIT Bombay in collaboration with J. P. Morgan, will be conducting the remaining two courses of Financial Literacy and Technical Skills, in a series of four short courses under the 'College to Corporate' program.

The program is primarily targeted at pre-final and final year students, to help them prepare for the corporate world, and perform better in the recruitment process. Corporates that recruit the final year students have certain expectations from their prospective employees. If the students/candidates are made aware of these expectations and the skills required fulfilling these expectations, their journey from College to Corporate would become easier.

The program will be conducted using the hybrid/blended MOOCs pedagogy developed at IIT Bombay. In this approach, participants learn online, as also through face-to-face interaction. The course content would be made available on the Hybrid MOOCs platform (<http://iitbombayx.in>). The students would be required to do the online activity before and after the face-to-face interaction (through A-VIEW). In each course, the face-to-face interaction will be conducted fortnightly during the weekends. In additions, student will be required to complete weekly activities in their college (RC). The program comprises of four different courses. These are as follows.

- Technical Skills
- Financial Literacy

Teaching Faculty

- **Prof. Varadraj Bapat**, Shailesh J Mehta School of Management, IIT Bombay
- **Prof. S.V.D. Nageswara Rao**, Shailesh J Mehta School of Management, IIT Bombay

- How stock exchange works? – Case Study

Course Fee

There is **no course fee**. Students have to attend the A-VIEW interaction and carry out other activities at respective Remote Centres.

Who Should Attend

The program is restricted to students belonging to participating remote centres. The preference for participation should be given to the pre and final year students. However, other students can also attend the courses, if there are seats available in the remote centre. The remote centre has the authority to decide for the candidates, who stand to benefit more. Students have choice to participate in all the four courses.

Duration and Venue

S. No	Course Name	Schedule	Face-to-face interactions
1	Financial Literacy	23 January – 18 February 2018	- 03 Feb, 2018 - 17 Feb, 2018
2	Technical Skills	20 February – 18 March 2018	- 03 March, 2018 - 17 March 2018

1. **Online work by individual participants:** Each student is expected to access the online

platform using a PC at home or college, on any convenient day and time during the week, with an online test every week. The online activity is available on IITBombayX platform (www.iitbombayx.in), Each participant has to spend 2 to 3 hours of efforts per week for each course.

- 2. Face-to-face interaction sessions:** Interactive sessions with students will be conducted by the faculty from IIT Bombay/ Industry. Students will have to physically attend these sessions at their chosen designated Remote Centres (RCs). The discussions and local tutorial sessions will be moderated by the Course Coordinators at each RC. This activity will be conducted on the weekends.
- 3. Weekly activities in RCs:** Participating students will need to carry out presentations, mock interviews, team projects, etc., as required for each course. These activities will be conducted under overall supervision of the local course coordinator.

Criteria for Certification

Students, who successfully complete a course, as per the grading policy, will receive an honour code certificate for each online course. The certification may be subject to the endorsement by the course coordinator at RC, that the student has completed the expected work component at the RC.

How to Apply

To register online, please visit:
<http://www.it.iitb.ac.in/plc101x/announcements.html>
