

## Farewell- 2019

Every beginning has an end. And every end is a new beginning. It's a relentless cycle seen in every aspect of our lives. A year starts; a year ends, only to give birth to another.

To give perfect end to the year, the Students' Council organised a fun filled night to remember and of course endeavoured to leave a trail of nostalgia behind for all final year students, a night that they were eagerly waiting for - FAREWELL 2019.

The Quadrangle of Sardar Patel Institute of Technology was all decked up with lights, stage was set, entrance was bright and lit on the evening of 20th April 2019 . The photobooth was showcasing the feeling of all students with the words "One last time ", one last time to be together here at SPIT entrance, one last time to live the best time of college days, one last time the opportunity to get clicked at the college entrance which nobody missed.

Shrawani Bawage, the Cultural secretary welcomed all the guests students by the stage with note that sums up all juniors feelings and a night organised with a promise for making the day memorable. The event began with the host of the evening Jaswantsingh Pardeshi, the Sports Secretary inviting students to perform on the stage. Seniors were so excited that everyone wanted to perform at that night leaving no stone unturned. One after the other, it was a galore of performances. The audience was reminiscing all the joyous moments happened in last few years of their college life. Dance, music and singing the night had everything to cherish.

The farewell doesn't mean that it is the last time of the seniors in the college but it reminds that now the real journey has started. This is the day when a student recognizes that now he has the loads of responsibilities on his shoulders and he has to carry those throughout his or her life. The farewell party scripted the beginning of hard work the students would be paging through for the coming years of their life.

With a heavy heart we wished our students a great life ahead and also regards as because of them we stand with great pride. It was also their hard work and perseverance which have helped them to succeed and also the kind respect and support to the management and faculties of the college, as we believe that without their support, college alone could not achieve its goal of contribution to nation through producing bright professionals and civilians.
