"As we've come to realize, the idea that security starts and ends with the purchase of a prepackaged firewall is simply misguided."

-Art Wittmann

"Digital Forensic is an exact science- not the procedures but the results" -Edewede Oriwoh

"The blockchain cannot be described just as a revolution. It is a tsunami-like phenomenon, slowly advancing and gradually enveloping everything along its way by the force of its progression"

-William Mougayar

'Cybersaurs' therefore aims at inspiring cyber security enthusiasts to come together and motivate change in the society in terms of privacy and security.

Sardar Patel Institute Of Technology aims at making its student competent with the 9101 technological advances in the fields of Computers, 910 Electronics & Telecommunication and Computer 00 110001011101010 applications through it's PG Programmes (M.Tech 0010010010011 0101 in CS & EXTC and MCA). Living in the digital age means hackers and cyber terrorists have endless opportunities to exploit individuals, government institutions and even large Event is on 13/03/2020 @ 9:00 am - 5:00 pm companies. Therefore PG programmes (MTech, Poster presentation 4 pm onwards MCA & PhD) in Sardar Patel Institute Of Venue: Sardar Patel Institute Of Technology Technology motivates individuals in the field of **Room No. 105** Registration details:

Cyber Security by organizing Cybersaurs 2020.

Our Vision: To build a renowned institute which will produce graduate engineers with global competency and social sensitivity.

Our Mission:

tomorrow.

Sutar

· Provide high quality education in engineering and technology promoting the Indian Values and Ethos that will prepare the participants to lead lives of personal integrity and civic responsibility in a global society. · Promote an Educational Environment that combines academic study with the excitement

• Enhance career opportunities for students through Industry-Institute interaction, valueadded courses and projects in cutting edge technology.

of intellectual curiosity for engineers of

• Inculcate Entrepreneurial mindset in students to make them job creators. · Focus on applied research to create next generation technologies.

Dr. Y.S. Rao

Academic dean In-Charge Principal

IR Dean Dr. Dhananjay Kalbande

Posters to be shared till 11/03/2020 at cybersaurus20@spit.ac.in Registration fees: Students - 750/-Faculty and Professionals - 1000/-Group participation for poster presentation-[750/- or 1000/-(as applicable) for 1 and for rest of the group members 200/- each]

IEEE members - 650/- (for students) & 900/- (for

Faculty and Professionals)

To give you best insights about what it means to study Cyber Security and advance to a

Cyber Security career, Cybersaurs Symposium is inviting experts in the fields of Cyber Security, Digital Forensic and Block Chain to speak on topics such as: 1. Cyber Security in critical infrastructure. 2. Emerging Technologies in cyber security &

Risk associated with them. 3. Trends in Block chain

4. Industrial applications of Block chain

It will be followed by poster presentation by post graduate students.

Participants will be receiving participation certificates and Winners will be awarded with prizes.

Organizing Committee Coordinator - Dr. Preetida V. Jani
