Dear Prospective Students and Parents,

We understand the difficulties you have experienced during the long period of covid 19 lockdown and social distancing. Undergoing the laborious process of your higher secondary certification, the various entrance examinations is an immense trial in the life of each student; further compounded this year by the challenges faced by us all in this global pandemic. We commend you for the resolve you have shown through these past few months.

If the present scenario were safer, we would have kept our admission round physically on premises. However, keeping in mind the safety of all of us in the current conditions, we are keeping our admission round online. We will ensure complete transparency of the entire round, which will be broadcast to everyone on a public livestream.

We have streamlined the admission process, making it as convenient for you to attend the admission round and claim a seat as possible without compromising the security of the process.

We will be calling you in batches of a 100 students, because managing a larger number in an online forum may prove chaotic.

The guidelines for the round follow.

Thanking you for your patience, and wishing you all the best,
Dr. B. N. Chaudhari,
Principal,
S.P.I.T.

The **online** admission round will begin on 14th January 2021 at 11:00am. We will be calling candidates in batches of 100.

We will announce the merit number range for the batches in the livestream. These batches will receive a link and password via email to the online admission room. Only those candidates whose numbers are announced will be allowed entry into the room.

Further, in order to gain access to the room, you must set your NAME in the following format: MERITNUMBER_FIRSTNAME_LASTNAME. For example: 0001_JOHN_DOE. You will not be allowed entry into the room without this name format.

Please find the instructions to login to the webex meet in the file attached below.

In this room, your merit number will be announced. You may select any seat from the vacancies available at that point of time in the round. Upon confirmation of the same from the institute, you will receive an email redirecting you to another online meet link. You are required to join that room to continue payment of fees, and further processing of your application immediately.
