**Liberal, Pi-Model of Engineering Education @ SPIT**

**(Department of Computer Science & Engineering[AIML])**

## CURRICULUM SCHEME FOR UNDERGRADUATE ACADEMIC PROGRAM (COMPUTER SCIENCE & ENGG [AIML]) AT SPIT

(For 2022-2026 Batch)

### Salient Features

- 160-Credit **Liberal** Engineering Education Model.
- A strong **program core of 15 courses** and **6 baskets of program electives** to ensure the breadth and depth in a chosen domain of studies. Program electives are arranged either to grow in a specified vertical or have diversified exposure.
- **Full semester industry internship to interested students.**
- Aggressive model of “**Learning-by-doing**”. (Engagement in classroom and laboratory sessions is 50:50)
- Special tracks for “**Minor**” Certification for interested learners, ensuring significant awareness of additional discipline leading to multiple specializations
- **Unique, multi-track model of “Honors” Certification**, for well performers for enhanced depth in the domain of study.
- Special sequel of optional **industry floated “SCOPE”** courses (Skilled Certification for Outcome-based Professional Education) for interested learners, ensuring high technical skills, in the diversified cutting-edge technologies.
- **First-of-its-kind-in-education** blend to Engineering Curriculum. . “**ABLL@LLC**”<sup>®</sup> (Activity Based Liberal Learning about **Life, Literature and Culture**) in **Six** semesters, ensuring **all dimensional holistic growth** of the learner.

This curriculum aims at development of an **all-rounded** personality. It follows **holistic** approach of education, ensures strong science, mathematics foundation and program core, develops expertise in domain vertical though sequel of electives, ensures significant exposure of additional discipline through “Minor” program, collaborates outside world for the imparting relevant skills through “SCOPE” courses, challenges good

learners through “Honors” evaluation, and systematically develops soft skills, and social, physical, mental, spiritual personality through carefully articulated **Liberal Learning** and **Humanities** sequels. Thus, offers a unique, liberal “**Pi-Model**” of Engineering Education.

### **Program Core**

At SPIT, every undergraduate program consists of **Twelve Core Courses** referred to as Program **Core**. Several academic models from reputed institutions in the country and outside the country are studied in articulating this Program Core, to make curriculum Globally Competitive. All courses in this Core have laboratory components to augment the learning. Each program core course has an additional optional component of “Contents beyond the curriculum” which is carefully designed to ensure additional 15-20 hours engagement of the learners. The learner thus is nurtured towards the “Self-Learning” and “lifelong learning” which are essential attributes of 21<sup>st</sup> Century learner.

### **Program Electives**

At SPIT, every program has **Six baskets** of Program Electives, each basket having a minimum 3 courses. This enables learners to grow in a **domain-specialization** or **domain-vertical**. For example, learners can graduate with B.Tech Electronics with a vertical in “Embedded Systems” or “VLSI” or “Signal Processing”. Or a learner can graduate with B.Tech Computer Engineering with specialization in “Security” or “ML & AI” or “Computer Networking” or “Data Science”. At the same time, a learner can increase her bandwidth by opting for elective courses which are general in nature, not pointing out towards a specific vertical.

### **Open Electives**

Every undergraduate program has three baskets of open electives. This is planned to give exposure to interdisciplinary and cross disciplinary domains. The courses in these baskets are planned both at department and institute level. Students can choose any combination of these courses (not floated by the parent department) to get familiar with other domains of learning. One of these open electives must be chosen from Basic science courses or Engineering Science courses. **This unique approach of offering additional basic science or engineering science elective at senior level aims at appreciating the importance of other domains of learning.**

### **Humanities and Social Science Electives**

National Education policy 2019 has aptly spelled out the necessity of Humanities in Professional Education. It quotes, “A holistic and liberal education as described so beautifully in India’s past is indeed what is needed for the education of India in the future to truly lead the country into the 21st century and the fourth industrial revolution. Even engineering schools such as the IITs must move towards a more liberal education integrating arts and humanities”. Every program at SPIT has three baskets of humanities. Learners are encouraged to take diversified courses in the field of languages, law, history, economics, management, finance etc.

### **SCOPE Certification**

This unique sequel is designed to systematically develop skills required for an industrial sector. SPIT is partnering with various industries to offer the high-end skills required for a specific industrial sector. Well performing students can stretch the envelope and add a new dimension to their Professional Personality by earning this certification. There are multiple tracks for SCOPE certification. Each track is offered with partnership with a reputed institution or industry. These tracks are jointly designed by SPIT and partnering industry. Each track has four courses (modules). Each module/course is of 2-3 credits including laboratory components for most of the tracks. These tracks are also open for outside learners, leading to Certificate Program in a chosen domain.

### **Minor Certification**

This additional and optional certification provides an opportunity to learners to develop the learners in the additional domain of interests. It broadens the education and ensures the multi-disciplinary development which is an essential attribute of 21<sup>st</sup> century engineers. However, this is optional. Well performing students can stretch the envelope and add a new dimension to their Professional Personality. Each track for this minor certification is offered either by SPIT or with partnership with other reputed institutions. Each track has four courses (modules). Each course is of 3 credits and laboratory components if any. These tracks are also open for outside learners, leading to a Certificate Program of 12 credits in a chosen domain.

### **Honors Certification**

While the Minor and SCOPE certifications aim at adding an additional professional dimension to the professional personality of the learners, the Honors certification gives opportunity to well performing learners to drive deep in the chosen field of study. Multiple plans/ways are planned to encourage learners to earn this certification which essentially excite the learners to push an envelope and go extra/deep in the chosen area of the study. Students earn additional stars (\*) as shown in Table 1 during their program. If at the time of graduation a student earns total **TWELVE** stars, she is conferred with “Honors” certification.

**Table 1: Additional “STAR” Earning leading to “Honors” certification**

Activity	Definition of “STAR”	Maximum Limit												
Earning top grade in any of the 12 courses which constitute the program core.	Top Grade: Full STAR Next GRADE: Half STAR	8 STARs												
Enrolling additional “Honors” Course in fourth year.	Top Grade : 3 STARs Next GRADE: 2 STARs Next GRADE: 1 STAR	6 STARs												
Success in the GATE examination	<table border="1"> <thead> <tr> <th data-bbox="773 680 974 789">Percentile Score</th> <th data-bbox="980 680 1130 789">STARs Earned</th> </tr> </thead> <tbody> <tr> <td data-bbox="773 793 974 848">Above 99</td> <td data-bbox="980 793 1130 848">6</td> </tr> <tr> <td data-bbox="773 852 974 907">Above 98</td> <td data-bbox="980 852 1130 907">5</td> </tr> <tr> <td data-bbox="773 911 974 966">Above 95</td> <td data-bbox="980 911 1130 966">4</td> </tr> <tr> <td data-bbox="773 970 974 1024">Above 90</td> <td data-bbox="980 970 1130 1024">4</td> </tr> <tr> <td data-bbox="773 1029 974 1092">Valid score</td> <td data-bbox="980 1029 1130 1092">2</td> </tr> </tbody> </table>	Percentile Score	STARs Earned	Above 99	6	Above 98	5	Above 95	4	Above 90	4	Valid score	2	8 STARs

\*In identified journals only. No. of STARs to be decided by the Institute Committee.

#In identified events by the institute

\*\*This special paper will cover all core courses in the semester and its difficulty level will be higher than the normal end semester examination paper. The question paper will be of GATE standard.

### **Activity Based Liberal Learning about Life, Literature and Culture (ABLL@LLC)**

*“Education will fail ignominiously in its objective if it manufactures only a robot and called him an economic man stressing the adjective economic and forgetting the substantive man. A university cannot afford to ignore the cultural aspects of education whatever studies it specializes in. Science is a means, not an end. Whereas culture is an end in itself. Even though you may ultimately become a scientist, a doctor, or an engineer, you must, while in college, absorb fundamental values which will make you a man of culture...”*

*Kulpati Dr. K. M. Munshi*

How aptly our visionary founder has given direction to the education. His wisdom towards education inspires, encourages us to experiment in the field of education, to make it as relevant and helpful to the society as possible. Mahatma Gandhi once quoted, *“By education I mean an all-round drawing out of the best in man; body, mind and spirit.”*

Recently announced National Policy on Education-2019, reconfirms this and profoundly stresses the need of liberalizing the higher education including professional education. It quotes, *“Higher education must develop good, well-rounded and creative individuals, with intellectual curiosity, spirit of service and a strong ethical compass”*. Moving towards a more liberal undergraduate education is one of the most important features of this policy. It narrates, *“The needs of the 21<sup>st</sup> century require that liberal broad-based multidisciplinary education become the basis for all higher education. This will help develop well-rounded individuals that possess critical 21<sup>st</sup> century capacities in fields across arts, humanities, sciences, social sciences, and professional, technical, and vocational crafts, an ethic of social engagement, and rigorous specialization in a chosen field or fields. Such a liberal education would be, in the long run, the approach across all undergraduate programs, including those in professional, technical, and vocational disciplines. Imaginative and flexible curricular structures will enable creative combinations of disciplines for students to study, thus demolishing currently prevalent rigid boundaries and creating new possibilities for lifelong learning. The notion of ‘knowledge of many arts’- i.e. what is called ‘liberal arts’ in modern times – must be brought back to Indian education, as it is exactly the kind of education that will be required for the 21<sup>st</sup> century.”*

We at Bhavan's SPIT, make sincere attempt to blend engineering education appropriately with arts, humanities, crafts, ethic of personal and social engagement to ensure holistic development of the learner. We have carefully designed liberal learning courses covering Life, Literature, and Culture (LLC @ LLC) for all the semesters of the program. Learner concurrently studies these courses. These courses broadly fall under LLC. Further each module has multiple courses of 1 or 2 credits (An engagement of 35-40 hours is expected to earn one credit). Every learner at SPIT is expected to take 1 such course on LLC every semester. We strongly believe that these EIGHT liberal learning modules will help us to appropriately blend the professional education as envisaged by the National Policy Makers.

## SUGGESTED LIST OF COURSES (INDICATIVE ONLY)

### Open Electives I and II

OEXXX	IoT and I <sup>2</sup> oT
OEXXX	Cloud Computing
OEXXX	Augmented and Virtual Reality
OEXXX	3D Printing
OEXXX	Industrial Automation
OEXXX	Artificial Intelligence and Machine learning
OEXXX	Cyber Security & Digital Forensics
OEXXX	Block Chain Technology
OEXXX	E-Mobility
OEXXX	Smart Grid
courses floated as <b>Open elective</b> by the <b>Departments</b>	
OEXXX	Consumer Electronics
OEXXX	Robotic & Machine Vision
OEXXX	Data Structures and Algorithms
OEXXX	Information and Network Security
OEXXX	Human Machine Interaction
OEXXX	Software Engineering
OEXXX	Database Management Systems
OEXXX	Internet Technology
OEXXX	Data Analytics
Any other 12 weeks Course approved by the Dean Academics and Principal	

### **Open Elective III-Basic Science Electives**

<b>OEMA1</b>	Advanced Statistics
<b>OEAS1</b>	Biology for Engineers-Part II
<b>OEAS2</b>	Climate and Earth Science
<b>OEMA2</b>	Engineering Optimization
<b>OEAS3</b>	Environment and Sustainability

<b>HSEC03</b>	Game Theory	<b>HSEC04</b>	Human Behavior
<b>HSEC05</b>	Ecology and Society	<b>HSEC06</b>	Energy Economics and Policies
<b>HSEC07</b>	Drama Appreciation	<b>HSEC08</b>	Political Ideologies
<b>HSEC09</b>	Justice	<b>HSECXX</b>	Any other Approved Course
<b>HSEXXX</b>	Any course from HSSE-I		

## ABLL@LLC

- Students are required to earn 6 credits through 8 semesters.
- If student is not able attendance/performance requirements, he/she will be dropped from the course and will have to enroll in additional course in the next semester.
- A student can enroll in maximum 2 courses in a semester.

## List (indicative) of Courses LLC

Course Code	Course Title
LLC01	Dance (Kathak)
LLC02	Dance (Bharatnatyam)
LLC02	Fundamentals of Photography
LLC03	Art of Short Film Making / Cinematography
LLC04	Film Appreciation
LLC05	Basics of Music Composition

<b>TOTAL</b>									<b>15</b>

Sem VIII (Option B: Only for Cat1 students)									
No	Type	Code	Course	L	T	P	O	E	C
1	SBC	AI405	Industry Internship/ Major Project	0	0	0	36	36	15
3	H	HOXX	Honors-II						3
*May be taken from MOOCs, Essentially Humanities, Management related									
<b>TOTAL</b>								<b>40</b>	<b>15</b>

The 'Major Project' in the "Option B" must be completed from an institute of national interest. If a student wishes to complete a Major Project under the mentorship of SPIT faculty, approval from the Dean Academics and Research is required.

**Table 2 - PROGRAM ELECTIVES**

Sem	VI		VII		VIII	
Program Elective / Thread	Program Elective-I	Program Elective-II	Program Elective- III	Program Elective- IV	Program Elective- V	Program Elective- VI
Industry-driven AIML	1T11: Computer Vision	1T12: Big Data Analytics	1T13: Deep Learning	1T14: Data Warehousing and Business Intelligence	1T11,1T12, 1T21,1T22, 1X,1Y, 2T11,2T12, 2T21,2T22 2T31,2T32	1T11,1T12, 1T21,1T22, 1X,1Y, 2T11,2T12, 2T21,2T22 2T31,2T32
Emerging AIML	1T21: Explainable Artificial Intelligence	1T22: Blockchain Technology	1T23: Data-Driven Internet of Things	1T24: AI for Healthcare Analytics	2X, 2Y	2X, 2Y
General	1T11,1T12, 1T21,1T22, 1X,1Y, 2T11,2T12, 2T21,2T22 2T31,2T32 2X, 2Y	1T11,1T12, 1T21,1T22, 1X,1Y, 2T11,2T12, 2T21,2T22 2T31,2T32 2X, 2Y	1T13,1T14, 1T23,1T24 1P,1Q, 2T13,2T14, 2T23,2T24 2T33,2T34 2P, 2Q	1T13,1T14, 1T23,1T24 1P,1Q, 2T13,2T14, 2T23,2T24 2T33,2T34 2P, 2Q		

In this case the Computer Science & Engineering Department has to offer 1T11,1T12,1T21,1T22, 1X,1Y, 1T13,1T23,1T14,1T24, 1P,1Q i.e. 12 Courses to take care of 6 Elective Baskets, where,

1X: Software Engineering

1Y: User Experience Design

1P: Information System and Security

1Q: Advanced Algorithm and Complexity
