IEEE SPIT

IEEE SPIT REPORT 2021-23

Abstract

The following report consists the details of all the activities conducted by IEEE SPIT during the year 2022-23

SARDAR PATEL INSTITUTE OF TECHNOLOGY
Andheri (W)
Mumbai-58

1. Aarambh (23rd December 2022):

To kick off the tenure, IEEE S.P.I.T had organized an icebreaker session in collaboration with IEEE AESS, aimed at welcoming the incoming batch of first-year students and helping them adjust to the new college atmosphere. The event included a series of engaging games that fostered a fun and inclusive environment for all the attendees. Active audience participation was a hallmark of the event, The event was a resounding success, with students from different branches working together in a collaborative manner to tackle the games and challenges presented to them.

2. Webinar on Blockchain (24th January, 2023) :

IEEE S.P.I.T organized an informative session for the students of S.P.I.T on the latest technological advancements in the field of Blockchain. Esteemed guest speakers, Mr. Aman Bandvi (Co-founder of India Blockchain Alliance) and Kuldeep Dubey (Founder of Damacloid, Co-Founder & CTO of Assurekit), shared their extensive knowledge and experience on the subject, simplifying the concept of Blockchain and highlighting its present impact and future potential. The session shed light on the emerging trends in Blockchain and the role it plays in shaping the future.

3. Webinar on Tackling placements (20th February, 2023):

IEEE S.P.I.T organized another insightful webinar to address attendees' queries about placements and studying abroad. The session featured S.P.I.T Alumnus, Akshay Jain, a Software Engineer at Stripe, who shared his experiences working in the industry and studying abroad. Akshay cleared the doubts of students and provided valuable insights into the placement process. He also shared his personal experiences and offered advice on how to succeed in the industry and abroad. The informative session provided attendees with a better understanding of their future career prospects and helped them prepare for success.

4. Webinar on GSOC (18th March, 2023):

IEEE S.P.I.T organized an interactive session to address student queries about the Google Summer of Code program. Attendees interested in applying received insights into the application process, preparation timeline, and opportunities that participating in GSOC provides. Esteemed guest speakers, Aniket Pal (GSOC Mentor at IHR, Ex-Barclays intern) and Avinash Kumar (GSOC mentor and Graduate analyst at Deutsch bank), shared their personal experiences and candidly answered all the questions posed by the audience. The informative session was highly interactive, allowing students to better understand the GSOC program and learn from experienced professionals in the field.

5. Innovation Cup'23 (27th March, 2023 Round 1 – 8th April, 2023 Round 2):

A Hardware competition in collaboration with ESA S.P.I.T focused on promotion of social entrepreneurship, giving students from all over India the platform to showcase their innovative ideas in various domains like healthcare, agriculture, women safety, transportation, etc. The competition was a great success, with participants submitting their abstracts and presenting their ideas. The event provided a valuable opportunity for students to share their ideas and promote social innovation, contributing to a better and creative use of technology for the future.
