FEEDBACK ON FY B.TECH INDUCTION PROGRAMME : 2020-21

Remarks or suggestions

1. Thank you ma'am, the induction program was systematic and well organized.
2. More interaction and information about students council and committees wouldve been helpful. Overall great effort.

3. Overall, it was a really good induction session.
4. In the interaction with the council we did not get so much information and now we all are confused that, which committee should we join. And other sessions we great especially the ved vedant.
5. I thoroughly enjoyed the induction session!
6. Introduction to committees was very brief
7. Guest lectures were excellent and I feel more such should be taken in Induction program.
8. Well planned and organized Induction event. Really enjoyed some of the Induction Sessions!
9. I feel adequate time hasn't been given for the 1st year students to attend events held by various committees and clubs for us to properly decide which ones we would like to join. It feels very rushed to me personally as interviews have also started without us attending even a single event of most committees. Other than that though the induction programme has been nothing but amazing 😊
10. Good but the academic session by Sutar Sir should be more explanatory
11. We got less time for choosing committee
12. The induction program is very helpful , friendly and motivating
13. Nice 🙏 induction program
14. overall it was a very helpful programme
15. Yoga Sessions And Learning From Mount Everest Was Very Energetic..
16. Could have been more interative
17. Students involved session was incredible nice. Students council was very confusing means to which commity we should join I got some commity is same so it make me confusing I was not able to take decision.
18. Mam, I am really grateful to your hardwork and time devoted to us. Obliged to be a part of SPIT. Thankyou.
19. Please increase the interaction with all the student councils.
20. There is still confusion about which committee does whatand the yoga session was too good
21. 1)should have some system for making connections among students [Like appointin' a particular senior with 5-6 students and making a bond between them for atleast 4

yrs] 2)some competition among students to improve there connections; 3)planing a days trip with students in start, so they get thereselves know 4)making connections between students of our college and students of colleague clleges like iits', nits, iiits, coep

22. The UHV and Bhavans philosphy sessions could be more interactive. Rest all was amazing. Thank you for organizing this for us.
23. The induction session was great.
24. please don't include pre recorded sessions .(yoga, UHV) . and the info regarding the committees was given in kind of a haphazard way i feel it could've been more organized . all the live sessions that took place were awesome ,
25. We didn't get to interact with the committed as much and know about them more. Otherwise the induction was great and everything was in an organized manner.
26. The week long Induction Program was a great way to welcome us to SPIT, specially during this pandemic time when everything is happening online. Thanks to Ananthalakshmi ma'am for smoothly conducting this Induction Program. It was great interacting with everyone.
27. It was inspiring and innovative
