Remarks or suggestions

1. None
2. Overall it was an amazing experience
3. It was best no suggestions
4. Nothing
5. Try to include small activities to increase involvement of audience.
6. The induction was good but the student council introduction could have been done in 2 sittings as it is a very long segment.
7. The program was perfectly planned and implemented although I would say a dedicated campus tour showing the outer campus is something I would be interested in.
8. The best and longest induction program I have ever attended
9. Increase the bench size, students are not understanding what few teachers are teaching
10. Time management should be more eles everything is very very nice
