

**Bharatiya Vidya Bhavan's
SARDAR PATEL INSTITUTE OF TECHNOLOGY**

(Autonomous Institute)

Munshi Nagar, Andheri(W), Mumbai – 400 058.

17th July 2026

ADMISSION NOTICE 2026-27

As per the admission policy of the state, 80% of the seats of the institution are filled by CAP rounds (85% of this 80% are filled through CET merit, and 15% through JEE score) and the remaining 20% seats at the Institute Level (using CET merit).

Similarly, seats remaining vacant after the declared rounds of CAP are also filled at institute level using CET merit.

Over the years, S.P.I.T. invited separate applications from the aspirant students for these admissions. Last year, State CET Cell had facilitated aspirant students to apply for 20% Institute Level seats (management quota) directly on the State CET Cell portal. The State CET Cell has also declared this facility for this year's admissions.

Therefore, we find no reason to invite separate applications for the above. All stakeholders, parents, and students, are hereby informed that the institute will not invite separate application for either IL (management quota) seats or for vacancies after CAP rounds conducted by the State CET Cell.

Vacancies, if any, of all rounds conducted by State CET Cell will be filled on merit from the pool of candidates given to us by State CET Cell.

Therefore, all interested students must apply appropriately on the State CET Cell.
