ZIP-IT-UP SMS

ZIUS - a home of *Compression*.

A software which is handy, useful and path-breaking, all at the same time.

After many pitfalls and failures, we have pioneered, for the very first time, a software that revolutionizes the way people view text messaging constraints.

With ZIUS, now you can send a 280 character sms.

Message size limit reached!

Message sent successfully!

Features Of ZIUS :

- ✌ Longer text messages.
- ✌ Longer Network Bandwidth.
- ✌ Analogous to Phone's inbuilt messaging system.
- ✌ Extremely Light-weight Software.
- ✌ One-time install.
- ✌ Similar to natural messaging application.
- ✌ Easy to use.
- ✌ Works for regional dialects.
- ✌ Works for "SMS-Language".
- ✌ Easy upgradation to newer versions.
- ✌ Platform independent for various models.
- ✌ Use of 'Character Compression' for greater efficiency.
