Introduction

SMART MOBILE STUN GUN: KEEPING YOU SAFE ALWAYS

Smart Mobile Stun Gun relates generally to non-lethal self defence apparatus. Each year, many people are victims or potential victims of violent crime. Police records show high incidence of crimes against women in India. The National Crime Records Bureau reported in 1998 that the growth rate of crimes against women would be higher than the population growth rate by 2010. Earlier, many cases were not registered with the police due to the social stigma attached to rape and molestation cases. Official statistics show that there has been a dramatic increase in the number of reported crimes against women. A Smart Mobile Stun Gun is a combination of a self defence weapon along with a

Unique Features of Our System

- Combination of mobile phone, Stun Gun , Safety application
- Normal operation of mobile phone is not altered in any way
- Safety Switch to prevent accidental use
- Voltage on prongs produced on after activation switch is pressed
- Safety application activated automatically on use of Stun Gun
- Uses battery of mobile
- Location Acquisition with and without GPS
